Deadline for Winter 1906 only is 29 June 1981. Thanks again to Mark Zimmermann for standby orders.

It has come to my attention that some of you are in favor of a five-way draw excluding Italy. While most GM's allow conceded draws, I do not, as you will note in my HR's. The rationale is that this is a demonstration game to be played to a natural, rather than abbreviated conclusion.

There are therefore three options: (1) play the game out through 1907, at which time if five players remain, another vote can be taken; (2) propose a six-way draw; (3) if Hal chooses to resign and put his units in civil disorder by instruction, then again a five-way draw vote may be taken.

Plug: anyone interested in the next game should contact me. The game-fee is again \$15. Players in one of my previous games will be assigned a different country. I do not want two players with the same area code in the next game. Invitations will be issued as soon as a suitable roster can be found, do not send money yet.

This is General Sherman! The march to the sea is over! Turn back, I say. Halt!

See, Frank? Keep the light in their eyes and you can bag them without any trouble at all.
